

## **FLOWER DECORATIONS**

Flowers are one of nature's many gifts. They have the power to express what words sometimes cannot, and to improve any environment in which they are placed. The expressive and environment-enhancing powers of flowers are enhanced when they are arranged together in artful displays.

Flowers are one of the most significant facets of a wedding celebration to make the wedding occasion more inspirational and romantic.. They are used to decorate the ceremony site and the reception locale, and are worn or carried by members of the wedding party. Wedding flowers are dictated in part by the season in which the wedding takes place, as well as the personal tastes of the bride and groom.
